EDUCATION

MUMBAI UNIVERSITY
B.E IN COMPUTER SCIENCE
May 2025 | Mumbai, India
Xavier Institute of Engineering
Cum. GPA: 9.21 / 10.0

KUSUMTAI HIGH SCHOOL
PHYSICS, CHEMISTRY, MATH
AND COMPUTER SCIENCE
May 2021| Nanded, India
Percentage: 88.33%

SKILLS

PROGRAMMING

Languages:

- JavaScript • Java • Python
- C/C++ • SQL

Technologies/Frameworks:

- ReactJS • Redux • Tailwind
- GitHub

Cloud Services:

- Google FireBase

Familiar:

- NextJS • Git-Bash
- Parcel/Babel • MongoDB
- Python Libraries
- Basic Linux • AI-ML

Soft Skills:

- Good Communication
- Team player

UNDERGRADUATE

Data Structures

Operating Systems

Database Management

Algorithms Analysis

MACHINE LEARNING SPECIALIZATION

Course Link

EXPERIENCE

SUVIDHA FOUNDATION MACHINE LEARNING INTERN
Sep 2023 – Oct 2023 | Remote

- Worked with a team on improving the performance of a **Translator** using **Adam** optimizer.

PRODIGY INFOTECH MACHINE LEARNING INTERN
Aug 2023 – Sep 2023 | Remote

- Developed multiple projects incorporating advanced **Machine Learning Algorithms**.

PROJECTS

DRAWLY

GitHub Live

- Design and Development of an innovative drawing tool using cutting-edge technologies such as **ReactJs/NextJs**.
- Leveraged **Redux** for efficient state management and added a touch of sophistication to the user interface with **Tailwind**.
- Implemented advanced functionalities including **Undo/Redo**, **Erasing**, and adjustment of **Brush Sizes** for an enhanced user experience.

NETFLIX-GPT

GitHub Live

- Designed and developed a movie recommender system using **ReactJs/Tailwind** with GPT-powered search via the **OpenAI-API**.
- Built a **Redux-Store** for efficient data management and implemented secure user authentication using **Firebase**.
- Utilized **Custom-Hooks** for seamless integration with various APIs.

FOOD4GOOD

GitHub Live

- Fetched live data from the **Swiggy-APIs** for restaurants and their respective menus, ensuring a fully dynamic experience.
- Implemented the storage of live fetched data into our dedicated **Redux Store** for efficient state management.

AWARDS/ACHEIVEMENTS

2023 4th/15 Team IBM-SkillBuild Pitch Night

2023 2nd Rank Maker's den, XIE

EXTRA-CURRICULAR ACTIVITIES

- Solved over 500 DSA problems on various platforms in Java.
- Represented XIE in international Human Fraternity Dialogues.
- My hobbies include playing outdoor sports and riding bikes, activities that bring me both joy and a sense of adventure.
